Four Common Strategies in Successful Implementations

Success happens when there's a strong game plan in place and organizations stay the course

Establish a Strategy

- Stakeholder Alignment
- Defining the 360 vision
- MVP Definition
- Less is More
- OOTB vs. Integration
- Batch vs. Real-Time
- 360 Roadmap

Start with Thin & Wide

- Laying the Foundation
- Identify Common MVP Use Cases
- Connective Tissue
- More Than One Persona or Channel
- Project Roadmap

Align IT & Business Strategy

- Deliver on Business Priorities First
- Establish Governance
- Simplify Architecture
- Define Target State
- Good vs. Perfect
- Lead with APIs
- Use Agile Development

Consider Culture

- Address App vs. Strategy
- Steering Committee
- Align to Operational Model
- Change Management a ongoing process
- Champions
- Training vs. Enablement
