R&D

A lighthouse stands on a dark, rocky island at sunset. The sun is low on the horizon, creating a warm orange glow that reflects on the water. The lighthouse is a small, white structure with a dark top. The word "Mission" is written in a large, red, sans-serif font on the right side of the image.

Mission

VIVEX aims to deliver innovative solutions that empower companies, their employees, and their clients to simplify complex tasks, boost efficiency, and transform hard work into manageable outcomes.

Vision 2030 -Executive Summary

SOCIETY

The VIVEX Group is growing steadily and sustainably. Our revenue continues to increase, driven by the consistent expansion of our business areas and our focus on new markets.

CUSTOMERS

We inspire our customers through close collaboration and agility. With our technological expertise and deep industry understanding, we deliver user-friendly solutions that integrate seamlessly into our customers' systems and processes. We are committed to premium quality, flexibility, and cost efficiency—now and in the future.

Our goal is to become the most trusted and reliable partner in the Adria region, delivering exceptional value and building long-term relationships based on integrity and excellence.

EMPLOYEES

VIVEX is an inspiring community fueled by energy, commitment, and trust. We operate as a unified team with a spirit reminiscent of a top-performing sports club. We strive to be the number one choice—not only for our customers, but also for our employees. Our VIVEX DNA defines our culture, and we continuously evolve together.

COMPETENCIES & TECHNOLOGIES

Technology, innovation, and value creation are the backbone of our success. Digital and 'as-a-Service' business models enhance our portfolio. To support this, we've developed key competencies in areas like Big Data, cloud solutions, and apps—enabling us to drive unique and forward-thinking innovations.

CORPORATE & SOCIAL RESPONSIBILITY

Since the the Serbian market strongly depends on collaboration between the business sector and the local community, VIVEX remains socially aware of local customs, culture, and the unique aspects of each environment.

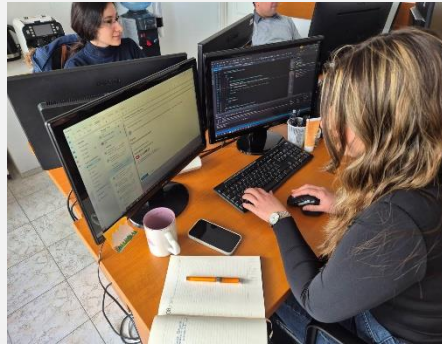

We make the future tangible and generate business and product innovations

TSV 600

ST 4000

SL 250

Vivex Cash System is an SW application that monitors and maintains cash in the Banks.
DECISION OF THE EUROPEAN CENTRAL BANK of 7 September 2012 amending Decision ECB/2010/14 on the authenticity and fitness checking and recirculation of euro banknotes (ECB/2012/19) and THE DECISION OF NATIONAL BANKS IN REGION.

Retail / CIT / Back-office cash Automations

NEW

VS 5000

The compact design of the machine makes it suitable for installation in small spaces such as small shops, gas stations, and other retail outlets.

Ibox Cash (smart cash in transit box) - Choose between VS 5000 End-to-End, Across the Pavement Protection or Residential Storage, for the **safest** way to manage your processes

Reducing time spent on counting, collecting, and reconciling cash frees up both time and working capital to focus on building a more efficient, **customer-centric retail operation**. By **automating manual cash processes** in the back office, staff can be redeployed to customer-facing roles, allowing cashiers to engage more with customers instead of balancing cash drawers.

Teller Assistant Machine

- *Certified by the European Central Bank*
- *Certified by National banks*

Technical specification

- *Operating system: Windows*
- *Deposit speed: 800 banknotes per minute*
